

Tester 1

Name: Kavaskar

Action	Result	Comments
Register	Success	<ul style="list-style-type: none">• User inputted 3 digits CPR and successfully registered himself (error should appear)
Login	Success	<ul style="list-style-type: none">• Easily done
Edit Use info	Partially Successful	<ul style="list-style-type: none">• User wanted to change just his name, but error message appeared, that all fields must be filled• Allow users to change just one of the information not all of them
Search for items	Partially Successful	<ul style="list-style-type: none">• Intuitive search using the search button and selecting category to search in• User tried to search items in lowercase, which is not possible – make the search case insensitive• User is missing option to press enter button instead of click search
Borrow Items	Partially Successful	<ul style="list-style-type: none">• User was double clicking items, instead of selecting it and then click on borrow button• User would add pop up window informing him about successfully returned items
Reserve Items	Success	
View Your Items	Success	
Returning Items	Success	
Logout	Success	
Overall		

Tester 2

Name: Denis Popal

Action	Result	Comments
Register	Success	<ul style="list-style-type: none">• After registering log user immediately• Field description should be displayed until user writes something
Login	Success	
Edit Use info	Success	<ul style="list-style-type: none">• Tab for skipping between fields doesn't work properly
Search for items	Success	<ul style="list-style-type: none">• Id should have both letters capitals (ID)• Automatic search after writing a text• More space between the ID and title in the table• ID should be shown in the item information (after clicking borrow button) not in the table• After category change, items should be refreshed immediately (without click on search)
Borrow Items	Success	<ul style="list-style-type: none">• Remove commas on the end of the sentences• After borrowing item, pop up window could be shown to inform user about successful borrow• Borrowing was quick and smooth
Reserve Items	Success	<ul style="list-style-type: none">• Pop up window displays message with grammatical error
View Your Items	Success	<ul style="list-style-type: none">• Too much unnecessary text – just the title could be shown and after clicking on particular item more information could be displayed
Returning Items	Success	<ul style="list-style-type: none">• Add pop up message to inform user, that item was successfully returned
Logout	Success	<ul style="list-style-type: none">• Inform user about successful logout
Overall		<ul style="list-style-type: none">• Quick and intuitive• Good choice of colors• Remove colon in the main menu (Welcome: Name)• Add notifications when action is made

Tester 3

Name: Julia Helena Konieczna

Action	Result	Comments
Register	Success	<ul style="list-style-type: none">• Registering is fast and nicely done• User doesn't like, that credit card information is mandatory
Login	Success	<ul style="list-style-type: none">• User is missing function to log herself with pressing enter button
Edit Use info	Success	<ul style="list-style-type: none">• User would like to see all her information and then have option to edit each of the information separately• User doesn't like, that changes are not visible
Search for items	Success	<ul style="list-style-type: none">• User would like to search in all items (without changing categories)• Search should be case insensitive
Borrow Items	Success	<ul style="list-style-type: none">• User would like to know information about successfully borrowed items (pop up window informing her about it)• Remove commas on the end of the string
Reserve Items	Success	<ul style="list-style-type: none">• User didn't know if its reservation or borrowing, she would like to see information if someone borrowed it
View Your Items	Success	<ul style="list-style-type: none">• Reserved items should be flagged, so user distinguish between reservations and borrows• Reservation shouldn't have information about due date and date from
Returning Items	Success	<ul style="list-style-type: none">• Everything went smoothly and quick
Logout	Success	
Overall		<ul style="list-style-type: none">• In full screen app doesn't look good• Enter keyboard would be good to accept search, register, login• When user borrowed 2 items and 1 item reserved and tried to borrow 3rd book, user was informed that maximum of 3 books can be borrowed• Missing function of reservation cancelation

Tester 4

Name: Jan Hajek

Action	Result	Comments
Register	Success	<ul style="list-style-type: none">• Fix pressing tabulator, so users can navigate through fields by it• Two-time passwords providing
Login	Success	<ul style="list-style-type: none">• Easily done
Edit Use info	Success	<ul style="list-style-type: none">• Fix tabulator pressing
Search for items	Success	<ul style="list-style-type: none">• During writing a text automatically search for item• Search in all categories as well• After deleting all text search button must be pressed, would be better to update table without pressing search button
Borrow Items	Success	<ul style="list-style-type: none">• Some information about successful borrowed book would be nice
Reserve Items	Success	<ul style="list-style-type: none">• Easily done
View Your Items	Success	<ul style="list-style-type: none">• Write categories to items
Returning Items	Success	<ul style="list-style-type: none">• Cannot cancel reservations
Logout	Success	
Overall		<ul style="list-style-type: none">• Add password reset• Swap buttons in main menu (edit info and my items)

Tester 5

Name: Amutha

Action	Result	Comments
Register	Success	<ul style="list-style-type: none">• User does not like filling credit card information• Would like to use enter as a confirmation button
Login	Success	
Edit Use info	Success	<ul style="list-style-type: none">• Would like to edit user details separately instead all at once
Search for items	Success	<ul style="list-style-type: none">• Case insensitive searching would be better• Searching in all categories instead of changing categories
Borrow Items	Success	<ul style="list-style-type: none">• User would like to get information after borrowing item
Reserve Items	Success	
View Your Items	Success	<ul style="list-style-type: none">• User would like to have separate windows for reservations and borrowings
Returning Items	Success	<ul style="list-style-type: none">• Any kind of information, that item was successfully returned
Logout	Success	
Overall		<ul style="list-style-type: none">• Nice UI• Snappy and fast response• Pressing enter for confirmations• A notification after an action has been carried out
